50 YEAR ARCHIVES 1960-2010 - COMMITTEE MEMBERS

This section includes the committee members, year by year, for 1960-2010.

The compilation has been taken from the original records of committee members given by Alun Thomas, up to 1989. These include the records of George Askey (Secretary 1960-1966), as well as Alun Thomas (Secretary 1966-1989).

This file also includes a transcript of the list by founder Chairman Douglas Bassett prepared for the sixth T.R.Owen lecture in 1996 in which he gave a short biography of all committee members up to that year.

The original records, paper or digital, or for some years in the 1990s no list, have been cross checked with membership cards, with committee minutes, with AGMs, and with other papers. A few discrepancies have been noted; it is believed that the compilation given in this section is the best record from the lists available.
